STUDENT PROJECT-PROCESS

Subjective: The main objective of the project work for the students to learn and experience all the major phase and process involved in solving “real-life engineering problems”.

INITIATION OF THE PROJECT WORK:

- The students are initiated to select the projects, which are in line with department mission, vision and program outcomes.
- Students are provided with a brief idea of various fields for selecting the project ideas.
- The faculty members encourage the students to carry out in-house projects and support will be provided with all necessary software, information and required equipments.
- The faulty members encourage students to participate in project exhibitions. The project exhibition aimed at providing a common platform to exhibit their innovations and their work towards excellence in latest technology.
- The Faculty members encourage students to publish their project work in reputed journals/conferences.

PROCESS OF PROJECTS ALLOCATION TO STUDENTS:

- The faulty members are divided into groups as per their area of interest. They are
 - COMMUNICATIONS
 - EMBEDDED SYSTEMS
 - VLSI
 - IOT/AI
 - IMAGE & SIGNAL PROCESSING
- The above areas of interest are not limited for projects
- A project Coordinator is appointed by the Head of the department, who is responsible for planning, scheduling and execution of all the activities related to the student project work

- The students are instructed to choose their area of interest and projects are identified based on recent trends in the industry.
- The students are divided into batches of 3-4 members.
- Guides are allotted based on research areas of faculty and students area of interest.
- The problem definition with their requirements and constraints are verified.
- The Project Coordinator will circulate previous project titles to all project guides and students so that same projects should not repeat.
- Students should meet their respective guides to discuss to finalize the tentative project title.
- Students with the approval of their respective project guide and project assessment committee will submit project titles to the project coordinator.

PROJECT EVALUATION PATTERN

Timeline	Task	Particulars
1 st Week of 7 th Semester	Project batch Identification	All Categories of students are made as one group(4 members per batch) as per their ranking of the marks(Best student, average student and below average student)
2 nd Week of 7 th semester	Call for project batch	Students are invited to prepare their batch and get it registered with the project coordinator of the department. They will receive project batch identification number which is used as reference throughout the academic year. Students are instructed to submit the Title of the project in consultation with their respective guide in a given inform to the project coordinator.
3 rd Week of 7 th semester	Guide allotment	Guide will be allotted based on areas of interest
4 th Week of 7 th semester	Project title finalization	The submitted project titles are reviewed by a committee consisting of project coordinator, Head of department and Senior Faculty
5 th Week of 7 th semester	Abstract Submission	Students are instructed to submit title-Abstract, Literature relevant to the study and give a power point presentation on their project(General Review by Project review committee-PRC)
6 th Week of 7 th semester	First Review-Part A	Students are instructed to submit design document of the project and give a Power Point Presentation for the project(Evaluation of Review – By PRC)
10 th Week of 7 th semester	Second Review	Students are instructed to submit complete project report in the prescribed format by university and give a PPT on the project(Evaluation of Review-II by PRC)
11 th Week of 7 th semester	Project Internal marks announcement	The marks for the Project work is announced and processed according to the university regulations
After completion of 16 th Week of 7 th semester	Final Viva-Voce-Part A	Final Viva-Voce examination is conducted by a committee consisting of external examiner appointed by university, Head of the department and supervisor of the project

PROCESS TO ASSESS INDIVIDUAL AND TEAM PERFORMANCE

- I. Project Progress reviews are conducted once in every month by the team of their respective guide, a professor cadre faculty, an Associate professor and Assistant professor.
- II. The project seminar should be given by all the project team members according to the division of project.
- III. Each Student in the project team is assessed to their skill set to deliver the seminar, explain the concept and way to make project assess team to understand their work.
- IV. Each individual and team performance is purely based on this project seminar presentation and the viva voice and progress work which are based on the following points
 - Problem Specification
 - Project Synopsis
 - Work plan or Schedule
 - Documentation part
 - Cross platform ability
 - Progress report

Impact Analysis

- ✓ New innovative ideas are born for project work
- ✓ Skills or abilities of students improved
- ✓ Knowledge on various aspect of project management was developed.
- ✓ Confidence level of the students was boosted.
- ✓ Improved teamwork spirit
- ✓ Implementation and development of the project for social benefits.
- ✓ Document preparation and presentation
- ✓ More tendencies to showcase their project work in project exhibition were observed.
